EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In amendment filed on October 20, 2003, page-5, before "19 (currently amended)", the phrase - - Claims 1-18 have been previously cancelled - - has been inserted.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on October 20, 2003 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest that the claimed device has a region on at least one end of the device which does not abut the adhesive sheet and is separated from the sheet by a distance v as shown in figures 5-6. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
